Fiddler ON THE ROOF

One of the world's most beloved Broadway Musicals is coming to the Vibe Creative District!

Based on the original stories of Sholem Aleichem a survivor of the 1900's pogroms in what is now Ukraine, this play features songs inspired by tradition, love, family, survival, and ultimately change, making this musical relatable and memorable for multiple generations.

Performers from Virginia Stage Company will regale market attendees with a smorg of some of the play's favorite tunes all morning long.

GOVERNMENT

Virginia Beach City Council votes to adopt new 10-1 local voting system permanently

BY JOHN-HENRY DOUCETTE

COURTHOUSE – The Virginia Beach City Council on Tuesday, Aug. 15, adopted a 10-district local voting system that was first used here in 2022 after changes to state law effectively ended the city's former voting system and a federal judge found that the old way of selecting local leaders here was discriminatory.

The city will now select 10 of its 11 council members from districts in which only residents of each district vote on that district's representation. The mayor, who is the 11th member of the City Council, is still selected citywide. Members of the School Board are expected to be selected using the same districts, as in 2022.

The 10-district system, which includes three districts meant to give minority citizens a better opportunity to elect candidates of their choice, was used in 2022 after U.S. District Judge Raymond A. Jackson ordered its design by a court-appointed special master and its implementation. That election led to a more diverse council while changing the political landscape of School Board elections.

The city appealed the decision, and an appeals court said Jackson's order had been made moot by changes to state law. However, it remanded the case back to the judge – and noted the plaintiffs might
